S+H Construction Wins Two Gold 2012 Contractor of the Year Awards

S+H Construction, Inc., of Cambridge, Massachusetts, one of the greater Boston area's premier residential renovation and custom home building companies, is pleased to be the recipient of **two Gold 2012 Contractor of the Year (CoTY) Awards – Eastern Massachusetts region – in the “Residential Specialty, Exterior” and “Entire House, Condo” categories.** The CoTY is an annual competition sponsored by the National Association of the Remodeling Industry (NARI) and recognizes exceptional achievement in remodeling and construction.

Their 'Evening of Excellence' awards presentation was hosted by Sean McAdam, renowned sports writer, and held November 14, 2012 at the Showcase Live venue at Patriot Place in Foxboro, MA.

S+H constructed a hardscape for the exterior project award that was inspired by the property's surrounding woodlands. Working with landscape designer Kimberly Mercurio, the space transformed an uninspired yard into an outdoor living space that also provides serene views from inside the home.

The complete renovation of the fourth and fifth floors of a 1876 brick home in Boston's Back Bay earned S+H the award for “Entire house – Condo.” Some of the details include restoring historical palladium windows overlooking the street, custom-designed graceful casing, and creating built-in bookcases and wainscoting as well as a new master suite bathroom featuring a large shower and custom made concrete sink countertop. With the interior design by Annie Hall of Annie Hall Interiors of Cambridge, Massachusetts, the end result is an uncomplicated modern feel that still highlights the period detail of this elegant condo.

“We are very pleased to be honored by the National Association of the Remodeling Industry with two gold awards,” says Doug Hanna, co-president of S+H Construction. “We are proud of both of these projects and it is very rewarding to our team of craftsmen and builders to have our work acknowledged in this way.”

A multi-award winning firm, **S+H Construction** collaborates with architects and other design professionals to offer residential renovations, custom building, historic restorations, energy conservation, renewable energy, site work and landscaping solutions. Serving the greater Boston area for over 30 years, S+H provides a dedicated team who share a commitment to customer satisfaction. Their work is consistently seen in both regional and national home and design publications. Additionally the company received the 2012 Best of Boston Home Award which is the fifth “Best of” honor for S+H.
